Dear Friends:

Greetings from Zenon Ministries! January is always interesting because we want to start off strong. There are Christian Community leaders meeting monthly to pray and strategize on how to work together for the Kingdom of Christ.

At Oakwood Community Church, hosted by Youth Pastor Mike Richards, leaders from ministries shared, ate, and prayed for our youth. It will take a team effort.

Outreach: ZM Board President, Steve Overton, was the guest speaker at the Bloomingdale HS meeting, sponsored by Bonnie Hess. These Legacy Clubs, starting up all around the Bay Area, will be equipping students with the tools to be more effective Christian leaders, bold in ministry outreach. Each club evolves to meet the needs of the group. Legacy Clubs will include all students interested in studying the Bible, training them in discipleship and evangelism, based on Biblical principles.

Pictured above are **Gaither HS** students, preparing for upcoming outreaches at their school and Legacy Club meetings. We are also organizing two International trips for 2008. One will take us to the Ukraine, July 18 – 27th, and another to Central America.

At the recent **Sickles HS** Football banquet, Zee was asked to give the opening prayer, announcing that the team will be meeting every Wednesday, before practice, for a Legacy Club.

Nike Shoe Giveaway. Cross country coach Jenkins, and a track athlete at Gaither HS show off Nike track shoes donated by Zenon Ministries through Compassion International. Over 200 pair of

Nike track shoes valued at \$20,000 were distributed to 12 Tampa Bay Area High Schools..

Gaither record holder high jumper, Aaron Overton, tries on his new shoes as track practice begins. We have received many notes of appreciation from students and coaches through this outreach! We praise the Lord for the opportunity.

Berean Academy Opening:

Dr. Jim Gills, and his wife, Heather, shared meaningful thoughts and comments at the official opening of Berean Academy in Lutz. Zee serves as the Chaplain for the athletic teams.
